Sir,

I have the honor to submit, for the approval of Government, copy of my circular letter No. 620-7 dated the 1st Ultimo addressed to the Presidents of the District Boards suggesting the desirability of training the midwives attached to the Local Fund Dispensaries in vaccination for a period of 2 months by rotation. Apart from the bearing the proposal has on the working of the compulsory vaccination regulation, the provision of trained women for vaccination work will lead to the removal of the restriction which naturally exists in the case of male vaccinators for freely ertering into a house and ascertaining the vaccinatien state therein.

Letter No. 620-7 dated the 1st August 1914 from the Sanitary Commissioner in Mysore to all the Presidents, District and Municipal Boards.

-----:O:-----

I have the honor to state that in accordance with the note under Rule 7 of the rules under the Mysore Vaccination Regulation of 1906 vaccination of adult females observing the gosha or purdha system should be performed by a female vaccinator, if the parties so desire. This, of course, applies to places where vaccination has been declared compulsory. But even where vaccination is not compulsory the provision of a female vaccinator would undoubtedly tend to make vaccination more popular in the area. As owing to financial reasons it may not be possible for every Municipality to employ a whole-time female vaccinator, I would suggest that the services of the local midwife may be utilised for vaccination purposes without prejudice to her own duties. This arrangement, however, necessitates that before the midwife is actually entrusted with the vaccination work she should be deputed to undergo training in the Vaccine Institute, Bangalore for a period of two months. In case the Municipal Boards concerned are willing to meet the additional expenditure consequent on such deputation viz. pay of the midwife for the period and of the substitute, if any, employed, travelling allowance etc I shall be glad to arrange for the training of the midwives, in batches of two or three at a time.

With reference to your letter No. 620-7 dated the 1st August 1914 requesting me to be informed of the views of the District and Municipal Boards in the matter of the payment of the cost of training midwives in Vaccination work, I have the honor to state that ~~al~~ all the Municipal Boards except Kumsi, Nyamati and Kallurkatte are willing to meet the expenditure to be incurred in connection with this.

2. The Municipal Board of Kumsi has resolved that as the income of the Municipality is very small it is not in a position to pay this additional cost and requests that the cost may be met either from the District Funds or General Revenues.

3. The Municipal Board of Nyamati has resolved that as Gosha women are very few and that other caste females of the town are easily willing to get themselves vaccinated it does not seem necessary to send the midwife for training in vaccination work.

4. The Municipal Board of Kallurkatte has resolved that candidates who have been selected to undergo training in midwifery at the cost of the Maternal Improvement Scheme may be trained in Vaccination work also after their course of midwifery training is over and that the Board is willing to pay only half the cost of training the present midwife as it's income is very small.

----:0:-----

With reference to his letter No. 620-7 dated the 1st August 1914 enquiring whether the Municipal Boards are willing to bear the expenditure consequent on the midwives being sent up for training in the Vaccine Institute as female vaccinators to vaccinate gosha or purdah ladies, has the honor to state that all the Municipal Boards except the one at Jagalur are agreeable to the proposal of giving a training to the Midwives for utilising their services as female vaccinators and also to bear the additional cost on that account.

2. The Municipal Board of Jagalur town is of opinion that as the chances of adult females being subjected to vaccination may be very rare there may not be any use to train the midwife in the Vaccine Institute.

3. The Chellakere Municipal Board is of opinion that the present midwife is too old to undergo training. The Harihar Municipal Council states that the present midwife's work is unsatisfactory and that she need not be given a training.

4. If the proposal of giving a training to this class of servants meets with the approval of Government

Enclo to Mer. 48-4-3.

Government, necessary provision will have to be made in the ensuing year's budgets of the several Municipalities.

5. The views of the District Board as called for by him in his subsequent letter No. 1734-41 dated the 15th October 1914 will be obtained at its meeting in December next and a copy of the resolution forwarded in due course.

Letter No. 5786 dated the 28th November 1914 from the President, District Board, Mysore District to the Sanitary Commissioner in Mysore.

-----:0:-----

With reference to your letter No. 1734-41 dated the 15th October 1914 calling for the views of the District and Municipal Boards regarding the training of midwives in vaccination work, I have the honor to state that the matter was placed before the District Board when they met on 25-11-1914 and that it was resolved that midwives may be trained and that the Board are prepared to bear their share of the cost. An extract from the proceedings of the District Board is appended in the margin.

"Resolved that the Board are of opinion that midwives may be trained and that the Board are prepared to bear their share of the cost."

The enclosed copies of the resolutions of several Municipal Councils and Boards show that all of them excepting the Municipal Boards of Mandya, Gundlupet and Krishnarajpet are agreeable to the proposal.

Letter No. 3450 dated the 26th January 1915 from the President, District Board, Bangalore District to the Sanitary Commissioner in Mysore.

-----:0:-----

With reference to your letter No. 620-7 dated the 1st August 1914 requesting to be informed as to whether the Municipal Boards are willing to meet the additional expenditure consequent on the deputation of mid-wives to undergo training in the Vaccine Institute, Bangalore for a period of 2 months, so that they can vaccinate the adult females observing gosha or purdah system, I have the honor to state that the pay etc of the midwives is being paid equally by the District and Municipal Boards. The matter was therefore placed before the District Board meeting held on the 18th January 1915 and it was approved.

The Municipal Boards of Hoskote, Dodballapur, Tyamagondlu, Magadi and Devanhalli have agreed to bear the additional cost required. Closepet, Kankanhalli and Anekal Municipal Boards plead their inability to bear the cost for want of funds. ~~Melam~~ Melamangala Municipal Board have resolved that this question might not be considered for the present, as the vaccination had not been made compulsory there. The Municipal Boards of Chennapatna, Sarjapur and Vadigenahalli have not as yet submitted their resolutions.

Letter No. 12121 dated the 18th April 1915 from the President, District Board, Hassan District to the Sanitary Commissioner in Mysore.

With reference to the correspondence ending with your letter No. 1734-41 dated the 15th October 1914

Enc. to Govt. 48-4-3

1914 calling for the views of the District and Municipal Boards in the matter of training midwives in the Vaccine Institute, Bangalore for a period of 2 months etc., I have the honor to state that the District Board and all the Municipal Boards in the District except Arsikere are agreeable to the proposal and also to meet the quota of cost which may devolve upon them in this respect as may be observed from copies of the resolutions herein enclosed; but the Municipal Board of Arsikere have passed a resolution to the effect that as it is very rare that adult females get themselves vaccinated and that as vaccination has not been made compulsory within the limit of that Municipality, the present practice of the Sub Assistant Surgeon attending to the vaccination work may be continued. The copy of the resolution is also enclosed.

V Deputy commissioners letter no: 140/C dated 22nd August 1914 Re the contribution of additional expenditure to be incurred, in case the mid wives are trained in Vaccination for the convenience of gosha & purdah system &c and also read Sanitary commissioners letter no: 6207 dated 1st August 1914 to the Deputy Commissioner on the above subject

Enc. to med. 48-4-3.

Resolved that the training mid wives in Vaccination is very necessary in the interest of the gosha and purdah ladies As there is no mid wife exclusively for the taluk just now and as it is under consideration to have a mid wife for the taluk as will and as the municipal Board has already undertaken to meet the extra cost of training the only mid wife who is mostly working in the Town of Doddaballapur the subject may be taken up after the provision for a mid wife for the taluk is made.

ಮೇಲ್ಕಂಡ ವಿಷಯಕ್ಕೆ ಸಂಬಂಧಿಸಿದಂತೆ ತಮ್ಮ ಕಛೇರಿಯ ಪತ್ರವನ್ನು ಓದಿಕೊಂಡು ಈ ಕೆಳಕಂಡಂತೆ ತಿಳಿಸಲಾಗಿದೆ.

ಈ ಕಛೇರಿಯಲ್ಲಿ ಪ್ರಥಮ ದರ್ಜೆ ಸಹಾಯಕರಾಗಿ ಕರ್ತವ್ಯ ನಿರ್ವಹಿಸುತ್ತಿದ್ದ ಶ್ರೀ [illegible] ರವರು ದಿನಾಂಕ 16.02.22-ರಿಂದ ಸಕ್ಷಮ ಪ್ರಾಧಿಕಾರದ ಅನುಮತಿಯನ್ನು ಪಡೆಯದೆ ಕರ್ತವ್ಯಕ್ಕೆ ಗೈರು ಹಾಜರಾಗಿರುತ್ತಾರೆ. ಆದ್ದರಿಂದ ಇವರನ್ನು ದಿನಾಂಕ 8-9-14 ರಿಂದ ಜಾರಿಗೆ ಬರುವಂತೆ ಸೇವೆಯಿಂದ ಅಮಾನತ್ತಿನಲ್ಲಿಡಲಾಗಿದೆ.

ಈ ಕಛೇರಿಯ ಜ್ಞಾಪನವನ್ನು ಸಂಬಂಧಪಟ್ಟವರಿಗೆ ತಲುಪಿಸಿ ಸಹಿ ಪಡೆದು ಕಳುಹಿಸಿಕೊಡಲು ಕೋರಿದೆ.

Enc. to Memo No. 4: 3 4222/53/182

Letter No. 6307 dated 1st August 1914 from the Sanitary Commissioner in Coorg to the Deputy Commissioner, Bangalore dist.

I have the honour to state that in accordance with the note under Rule 7 of the rules under the Coorg Vaccination Regulation of 1908 vaccination of adult females observing the gosha or purdah system should be performed by a female Vaccinator, if the parties so desire. This, of course, applies to places where vaccination has been declared compulsory. But even where vaccination is not compulsory the provision of a female vaccinator would undoubtedly tend to make vaccination more popular in the area. As owing to financial reasons it may not be possible for every Municipality to employ a whole time female Vaccinator, I would suggest that the services of the local midwife may be utilized for vaccination purposes without prejudice to her duties. This arrangement, however, necessitates that before the midwife is actually entrusted with the Vaccination work she should be ~~trained~~ undergo training in the Vaccine Institute, Bangalore for a period of two months. In case the Municipal boards concerned are willing to meet the additional expenditure consequent on such deputation viz. pay of the midwife for the period and of the substitute, if any, employed, travelling allowance etc. I shall be glad to arrange for the training of the midwives, in batches of two ~~or~~ four or three at a time.

Sd. I.V. Arumugam,
Sanitary Commissioner.

VII. Read:- Letter no. 620-7 dated the 1st August 1914 stating that vaccination of adult females observing the gosha system should be performed ~~by~~ by a female vaccinator and suggesting that the local midwife may be made to attend to this work after she under-goes training in the vaccine Institute if the Municipal Boards are willing to meet the cost therefor.

Resolution:- The Board are of opinion that if any midwife is to be sent for training the Relieving midwife may be placed in charge, the municipality bearing the travelling charges etc as suggested.

To

D.M. Narasinga Rao Esq., B.A., B.L.,
Secretary to the Government of His
Highness the Maharaja of Mysore,
General Department, Bangalore.

Sir,

In reply to your No. 2247 Medl. 48-14-4 dated the 16th Instant, I have the honor to state that there is accommodation in the Vaccine Institute for training a dozen persons at a time but the number may be limited to eight - at the rate of one mid-wife from each District as suggested by Government.

2. From the accompanying statement it will be seen that if the relieving midwife is to be posted to take the place of midwives deputed for training successively one after another, she will have to be kept continuously on this duty for periods ranging from 20 months in the Chitaldrug and Kadur Districts to 44 months in the Bangalore District which practically amounts to the abolition of the post of the relieving midwife during these periods in so far as the legitimate duties for which the appointment was created are concerned. As this arrangement is likely to cause much inconvenience to and dislocation of work in the Medical Department, I would propose the entertainment of an additional temporary midwife for each District for the periods noted in column 3 of the statement.

3. I am not in favor of restricting the training to only those midwives that are employed under District and Municipal Boards which have agreed to contribute towards the cost of training. This arrangement would be open to no objection provided it were possible to effect transfers among midwives with particular care to see that a local body which has contributed towards the cost of training always gets a trained midwife to replace the one transferred. But as there will be interests of public service to be considered other than merely the qualification in vaccination, it is scarcely likely that this qualification can be given more than a small degree of prominence in deciding the transfers to be effected. And after all, I do not think that the outlay of about Rs. 54/- proposed is, under any circumstances, beyond the means of the local bodies. I therefore recommend that midwives be sent up for training from all the Districts and not from only some of the Districts to begin with as proposed.

4. I am unable to point out the source in the current year's budget from which the expenditure can be met, but as the amount each local body has to contribute is small, it may be met out of the savings (by reappropriation of funds) in the Municipal and District Fund Budgets concerned.

I have the honor to be,
S i r ,
Your most obedient servant

Sanitary Commissioner.

Sir,

In reply to your letter No. 4319 Medl. 48-14-6 dated the 15th Instant, I have the honor to state that I do not consider that the proposed substitution of local training to that given at the Vaccine Institute (which is the only institution of the kind in the State) would be as satisfactory in the results. Besides, the course being a short one of only two months duration it is necessary to give to the candidates as many opportunities as possible during this period, of observing the process of vaccination, of vaccinating under proper supervision and of vaccinating independently as a test case. This cannot be ensured at the local hospitals where vaccination is being done spasmodically - depending on whether children are brought to the hospital for vaccination or not.

2. As regards the extra cost referred to in para 2 of the letter under reply, I beg to state that no cost is at present being incurred on the training of midwives as no scholarships are granted to them excepting a few under the Maternal Improvement scheme.

I have the honor to be,
S i r ,
Your most obedient servant,

D. T. Arumugam

D. O. No. 73

Med 48-14-9

Dear Sir,

Your D.O. No. 5857 Medl. 48-14 dated the 11th February 1916. The local training proposed would do if it were for men, but in the case of women who are likely to feel a bit nervous at first, it seems to me to be absolutely necessary to let them try their hand at vaccinating calves to begin with, in order to gain experience and the confidence needed to use the scarificator on tender babies. As already explained to Government, there is no comparison between the efficiency of training at the Vaccine Institute and that that can be imparted locally Whatever the safeguards imposed. I would therefore urge a reconsideration of the order proposed to be issued.

I may bring to your notice the fact that I had lost sight of, that of the 108 midwives in service, only half the number can be usefully trained, the rest being too advanced in age to learn the work satisfactorily This reduces the cost to a very considerable extent. If nevertheless, the local bodies find it hard to contribute, I beg to withdraw my proposal altogether - for the present

Yours sincerely,
